

FIRE LINE DOUBLE DETECTOR CHECK SIZE	UTILITY VAULT CO. - VAULT MODEL NO.	SYRACUSE CASTINGS - VAULT DOOR MODEL NO.
4" - 6"	810-LA	CHD-11AL
8" & LARGER	BY ENGINEER	BY ENGINEER

NOTES:

1. Finished grade shall slope away from the vault cover so as to prevent ponding around the cover.
2. This is to be a private facility, governed by *UPC*, *NFPA*, *Oregon Dept. of Human Services* and *Fire Marshal*, as applicable.
3. Vault door mechanisms shall not project below the ceiling of the vault interior.
4. For fire line sizes 8-inches and larger, consult with city cross connection inspector for additional vault details.
